Mireia Monras: I currently manage the Immuno-Oncology research program, several European proposals, and institutional programs such as the Severo Ochoa Excellence program. Since 2023, I have also served as the Head of Management for the Master in Health & Science Management, an academic program co-organized by VHIO and aimed at developing new Scientific Manager profiles. My journey at VHIO began in 2020 as a Project Manager Trainee. In 2021, I advanced to the role of Scientific Manager within VHIO's Scientific Management area.

Vall d'Hebron Institute of
Oncology (VHIO)

&

**Javier
Gonzalo Ruiz**

PhD PMP, Project Manager ·
Vall d'Hebron Institute of
Oncology (VHIO)

Javier Gonzalo: I am a PMP® Certified Project Manager with a Degree in Chemistry, a PhD in Material Science, and an MSc in Project Management. My scientific background, developed during my PhD and Postdoctoral research, focuses on the design and development of miniaturized sensors using micro and nanotechnology for food and biomedical applications. Since 2015, I have been managing European and International research programs of several clinical groups and was also involved in proposal preparation. In 2024, I was appointed Head of Management of Clinical Programs and Task Forces Unit.
